Bright paths ahead

Congratulations to our successful 2023 CFE writers

Baker Tilly Canada proudly congratulates the 49 professionals across our network who have successfully completed the 2023 Common Final Examination (CFE).

Applying the knowledge and skills they acquired through study and practice, these individuals have proven they meet all requirements and standards set by the Chartered Professional Accountant (CPA) Competency Map. In successfully completing the CFE, these individuals are now one step closer to attaining their CPA designation. As they continue their career journey, we look forward to their future achievements and anticipate bright paths ahead for all of them.

Congratulations to:
